

A Different Take on Kids with ADD, ADHD, OCD, and Autism: Understanding the Whole Child

In a world where children are often labeled and pigeonholed, this book offers a refreshing and holistic perspective on kids with ADD, ADHD, OCD, and autism. Author and educator Lisa Pennington invites us to look beyond the diagnosis and see the whole child, with all their unique strengths and challenges.

Drawing on her years of experience working with children with neurodevelopmental differences, Pennington provides a wealth of insights into the challenges these children face, such as:

Would You Teach a Fish to Climb a Tree?: A Different Take on Kids with ADD, ADHD, OCD and Autism
