In October 2017, The New York Times published a bombshell report detailing decades of sexual harassment allegations against Hollywood producer Harvey Weinstein. The story, which was based on interviews with dozens of women, sent shockwaves through the entertainment industry and beyond. It also helped to ignite the #MeToo movement, a global movement that has given voice to millions of survivors of sexual harassment and assault.

In her new book, *She Said*, Jodi Kantor and Megan Twohey, the two New York Times reporters who broke the Weinstein story, tell the inside story of how they investigated and reported on the allegations. The book is a gripping account of the reporters' dogged pursuit of the truth, despite threats and intimidation from Weinstein and his allies.

*She Said* is more than just a story about journalism. It is also a story about courage and resilience. The women who spoke out against Weinstein risked their careers, their reputations, and even their safety. But they did it because they knew that they were fighting for something important. They were fighting for justice.

*She Said* is a powerful and inspiring book that will stay with you long after you finish it. It is a must-read for anyone who wants to understand the #MeToo movement and the importance of speaking out against injustice.

### **Praise for *She Said***

"A gripping, inspiring, and essential read. *She Said* is the story of how two brave reporters brought down a powerful predator and helped to ignite a global movement. It is a must-read for anyone who wants to understand the #MeToo movement and the importance of speaking out against injustice."

—**Michelle Obama**

"A tour de force of investigative journalism. *She Said* is a gripping, infuriating, and ultimately inspiring account of how two reporters took on one of the most powerful men in Hollywood and helped to spark a global reckoning. A must-read for anyone who cares about justice and the power of the press." —**Ronan Farrow**

"An essential read for anyone who wants to understand the #MeToo movement. *She Said* is a powerful and inspiring account of how two brave reporters brought down a sexual predator and helped to change the world."

—**Tarana Burke**
